for the first time, a practical test was adopted as well as the written examination.

Our students head the Institute's pass list, in the ordinary grade, taking the first three medals—one silver and two bronze and two money prizes. The recipients, Messrs. Newton, E. E. Wilson, and Jardine are promising students, and we hope to hear from them again.

Mr. Harold Thompson proposes to spend the £50 kindly granted by the Governors for the Old Boys' Rowing Club, in the purchase of a boat at Oxford, and suggests that four of the Old Boys should meet him and his brother at Oxford and row with them as far as Henley or Windsor, where they could be relieved by another batch of boys to complete the course. Members who are willing to avail themselves of this offer may apply to Mr. C. E. Osborn, Secretary to the Committee before the Saturday Bank假日, are requested to attend on their names in the City Guilds' Library.

PEOPLE'S PALACE OLD BOYS' ROWING CLUB.—The crew for the race which takes place next Saturday is practising every day at Limehouse Bridge. All thy sons shall cleave to thee.

The last Saturday in August.

Saturday, August 27th, 1892.

Think of it, talk of it, tell everyone you know to make no other engagements for the above date, for it will only be regretted if you regret it not once, but that regret will be a lasting one. No, the world is not coming to an end or the sun going to retire from its business of shining its rays on us. I have never said anything about this holiday's this month. But let us think of the last Saturday in August. Saturday, August 27th, is the day appointed by our loyal household, our beloved and longer-remembered father of the Chapel, to give us a recital of such harmony, so magnificent and so real to our ears. Our previous garden parties have always been successful. I am sure to the colored programmes provided for us on those occasions are not wasted. Our orchestra is being made up of the most skilled performers, and committee are going to do their utmost to make the occasion one of the most enjoyable. Amongst the many things to be heard will be some very good pieces of all kinds, and make a record—a garden party record—which shall have been not as usual, as well as available, position that "the knock it" will want a bit of doing.

The same custom is to be observed in our native country, in the provinces.

8. **THE ARABIAN CHORUS**

Other schools, for the little they are able to do for their pupils, often charge exorbi-

therefore offer those who can really read and write Shorthand, and can put it into practical
and profitable use. We challenge proof that there is a Shorthand School in London
