Login with TS username and password

Browse for document
Select document, click next and wait for processing to complete.

By placing a tick in the check box next to the printer of choice (Advanced) you will be given options on amount of copies, page range and duplex or single sided.

In this example we have selected to print to Black and white

Click on QMUL ITS Black and White button
Optional: Click refresh to see printed status.

Collect print from printer in the normal way.
